**Your Brief**

The following are bullet points expanding upon the notes taken during our virtual meeting

- You have a New Build Garden
- The property's garden is L shapes
- You have a pet dog that's known for digging up plants and chewing away any plastics, flower pots etc. so whatever works need to be pet friendly
- Must haves for Hots
- The perfect place for her to exercise her Greenfingers and plant a few flowers
- Super keen on a Brick BBQ the family could congregate around.
- Must haves for Chris
- A green wall against the garage wall opposite the kitchen
- A Tv On the wall
- Retractable pergola roof that can be opened up at night to expose the stars.
- A hot tub on the deck
- There are parts of the garden where the sun does not reach dotted around the garden.
- Keen on natural stone or porcelain tiles
- Grey is the key colour
- Keen on having loads of lights around the garden

**YOUR IDEA CONCEPTUALISED**

You are looking at a plan view which gives you a birds-eye view of how your garden will look when completed. This plan will show the placement of paths, patios, plants, trees, and other features in your outdoor space. This plan view will make it much easier to visualise and understand the overall design of your garden, ensuring that you are happy with the result before any work is done.

Visualised Concept
